EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Stankiewicz on August 5, 2011.

The application has been amended as follows:

1. Claims 1-12, drawn to a non-elected invention made without traverse, have been canceled.
2. In claim 13 at lines 10-11, "the polyelectrolyte" has been changed to --a polyelectrolyte--.
3. In claim 17 at line 4, "a polyelectrolyte" has been changed to --the polyelectrolyte--.

Priority

Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Korea on May 17, 2005. It is noted, however, that applicant has not filed a certified copy of the 2005-0041033 application as required by 35 U.S.C. 119(b). The examiner notes that while a claim for foreign priority was filed on June 8, 2005 (with the document code FRPR), only the letter of request for foreign priority is present in the file.

Allowable Subject Matter

Claims 13-22, 24 and 25 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or suggest the instant method of preparing an electrode comprising a step of preparing a layer of active material, a layer of conductive material or a composite layer thereof onto the surface of an electrode using a substrate induced coagulation coating method, wherein the active material layer and the conductive material layer is alternately arranged one or more times or where the composite layer of active material and conductive material layer is attached to the surface of the electrode substrate by a polyelectrolyte.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
